

Rhinestone placement stencil «Jellyfish»

Rhinestone stencil "Medusa". 1813 rhinestones. A fluid and mystical design that combines grace and hidden danger — for those who appreciate the aesthetics of the deep and natural mystery. **«Blue holography»**

Blue Holography — rhinestones with a bright blue iridescence and rainbow highlights (yellow, pink, purple), go well with white, black, blue, turquoise, pastel shades, and silver.

Size: 34.3x66.3cm
